

# Corporate Shield™ Service

## Better Protect Your Business and Its Assets & Minimize Personal Liability

A corporation is designed to protect your personal assets from the liabilities of your business. In order to maintain this “corporate veil”, your corporation must observe certain formalities and keep its governing documents and records up-to-date. Properly and timely managing the corporation’s administrative requirements is a major undertaking.

We are excited to now offer the **Corporate Shield™ Service**, our new proactive business compliance service created specifically for business owners like you. With the **Corporate Shield™ Service**, you can focus on running and growing your business with the assurance that your business entity is protected.

The **Corporate Shield™ Service** includes:

- Review of and regular updates to the corporation’s governing documents to ensure that they are current and compliant with current law
- Proper documentation of corporate actions and business decisions
- Timely filing of required reports with the Secretary of State
- Annual legal “check-up” meeting (recommended with corporate accountant)
- Periodic educational workshops and seminars

...and much more!
